GLENN & SAVEUN COLLEY

OCTOBER 2018

Saveun and I send you our greetings this October and hope that this letter finds you doing well in your service to our Lord Jesus. We are having a great month of healing now in October. I am finally working through a full recovery from my Dengue Fever and am able to get through our full work days just like before. Saveun's arthritis in her hand is responding well to medicine and to your prayers and to physical therapy. She has regained full motion in her fingers. Thank the Lord!

Our Village pastors wanted to delay studying the more advanced chapters of John until 2019. They asked me to write up a more basic study from Genesis and Psalms and I did just that. We had our Pastors' meeting this past week and I sent them off with a special two-week study which will greatly help them understand some of New Testament passages referenced by Jesus and the Apostles: *"As in the days of Noah, so will the coming of the Son of Man be..."* (Matthew 24:37-39).

I also included a study from Psalm 19 and Paul's testimony to the Gentiles of Lystra from Acts 14 so they can understand how to evangelize remote villagers on the blessings of rain which give us bountiful and fruitful seasons. The entire country of Cambodia receives some of the highest rainfall in the world with the average being over 40 inches per year on every square mile of the country. Without that faithful rain from the Lord the country would perish. Seeing this almost daily bounty is a great testimony of the faithfulness of our Lord to provide both their daily needs and the Word of God in the Village Churches for their spiritual salvation.

All Suited Up for the Village Trips

I will be out in the Villages once again making the 200 mile circuit from our DaNgow Church here through to the Village Churches for Fellowship and Exams in the end of October. I'm all set up and suited up with supplies and when I head out for the Village work it will look like this recent picture here.

*In Christ's Service to the Cambodian People,
Glenn and Saveun Colley*
